Liter counter	Included
Material	Stainless steel
Discharge conveyor	Various lengths, ask for the possibilities
Length	Depends on model
Width	800 mm
Height	1640 mm
Power supply	230 V, 1 phase, zero + earth, 50 Hz

Suitable for various types of buckets by means of changing clamp type and settings.

You can also add nutrients to the water with the Aquamatic. The Aquamatic is easy to operate by means of the PLC control system.

How it works:

You place the stack of empty containers into the Aquamatic, after which the Aquamatic takes over all the work for you. Automatic destacking, filling and discharging of the buckets.

Hortimat работы по модификации под заказ

Hortimat может модифицировать предложенное оборудование под нужды заказчика. Опционально мы можем конструктивно настроить оборудование или установить новую операционную систему. Мы так же можем поставить индивидуальные решения в форме логистических конвейерных ленточных систем, и мы мысли вместе с заказчиком для лучшего результата в модификации под его запросы.

Почему Hortimat

- + Adapting / modifying of used machines to desired specifications of the customer
- + Applying of new 2023 operating systems on used machines
- + New Hortimat range of products
- + Service and warranty by own technical specialists
- + Solid revision; guarantees a long lifetime
- + Individual advice about logistics matters, such as: grading machines, processing areas
